MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: Director of Central Intelligence

SUBJECT: Dissemination of [REDACTED]

25X1

1. I have signed the letter to General Tighe on the dissemination of [REDACTED]. I didn't appreciate that we weren't going to give them [REDACTED]. I don't really know what this means, though I suspect it means they won't get the materials that are of the greatest importance to General Haig, e.g. [REDACTED]

[REDACTED] If that is the case, I would really like to go through those and be sure that we find the ones that are of importance to him and make the exception there on an even more restricted basis. [REDACTED]

2. I'd like to make sure also that when we finally get ready to go on this that I communicate with these unified and theater commanders directly and personally. I'm trying to build up a sense of confidence in them that the national intelligence apparatus is trying hard to support them. Hence, don't let this thing get out and a big message be sent to all of them and such without my getting a personal letter off to them in which I stress to them the importance of keeping this within the ground rules and also my desire that this help them in any way possible.
